

Olympus -Learning Management System

Welcome Onboard

How can Olympus be helpful?

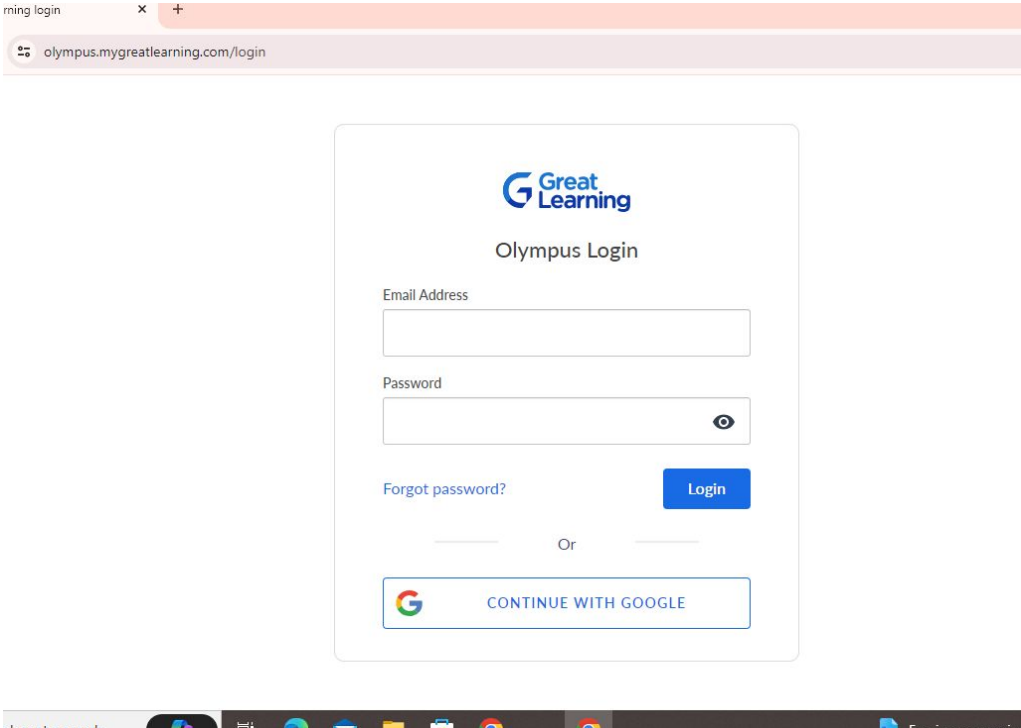

- You will be able to access content that you need to deliver for the session
- You will be able to see what sessions are planned for you in the coming week --> This will help you prepare well for the sessions
- You will be able to see your overall engagement with GL
- You will be able to see feedback and ratings of the session from learner
- Collaboration with the Community Manager for scheduling and coordination.

What is required from Mentors?

- Mentors are required to go through the content, Session Plan, download code files, etc from Olympus for the coming week's sessions.
- Mentors to add their tentative availability on the Faculty Calendar once every month.
- Mentors to get familiar with the Olympus platform before the MLS

3. Mentored Learning Session Slot Updation Guidelines

Kindly make sure that you update these slots regularly as per your convenience so that we have clarity on your availability for any Mentored Learning Sessions.. This will allow us to allocate you sessions more efficiently and effectively.

You can follow these simple steps to **add slots and time availability** on Olympus

Step 1: Click on the **View/ Add** option to add or view your availability in the calendar.

The screenshot shows the 'Great Learning Gurus' dashboard. At the top, there's a navigation bar with 'Upcoming' and 'Completed' tabs, and links for 'New', 'Your Courses', and 'GL Profile'. Below this, a section titled 'Availability for Online Mentorship/ Career Mentorship Session' features a calendar icon and a 'View/Add' button circled in red. The text below the title states: 'Time slots given by you is shown to the students to book course/career mentorship sessions with you.' Below this is a 'Confirmed Events' section with a green header. It contains two rows of event information:

Confirmed Events

3. Mentored Learning Session Slot Updation Guidelines

Slot details indicate your availability to take the mentor learning sessions over the weekend. This includes the **maximum number of sessions** that you would like to take every weekend and the **maximum number of batches/cohorts** that you are willing to take.

For instance- If you want to take 4 sessions but you want them to be across 2 cohorts, then you can mark the maximum sessions per week as 4 and the maximum batch preference as 2

Click on the **Submit** button after filling in your slot details.

The image shows a screenshot of a web application interface titled "Course Mentorship Calendar". A modal window titled "Add slot details" is open, featuring two input fields. The first field is labeled "Maximum sessions per week" with a question mark icon, and the second field is labeled "Maximum Batches Preference" with a question mark icon. Below these fields is a blue "Submit" button. The modal has a close button (X) in the top right corner.

3. Mentored Learning Session Slot Updation Guidelines

Step 3: Click on the Add new availability option and add your preferred dates, availability types, and available time slots. **Request you to add your availability for at least the next 6 to 8 weeks.** Please add your availability only for the weekends since mentor learning sessions happen on only weekends.

- **Select the dates** where you want to take up the sessions
- Add your available time slots and add the times preferred
- You can add more slots by clicking on the “**Add another slot**” option
- Once done, click on the “**Add to Calendar**” button

5. Your Courses

As soon as your onboarding has been completed, you will be able to access the materials for the entire course you will be mentoring for. In case you do not see any modules in the "Your Courses Tab" please reach out to your Community Manager to help you with the same.

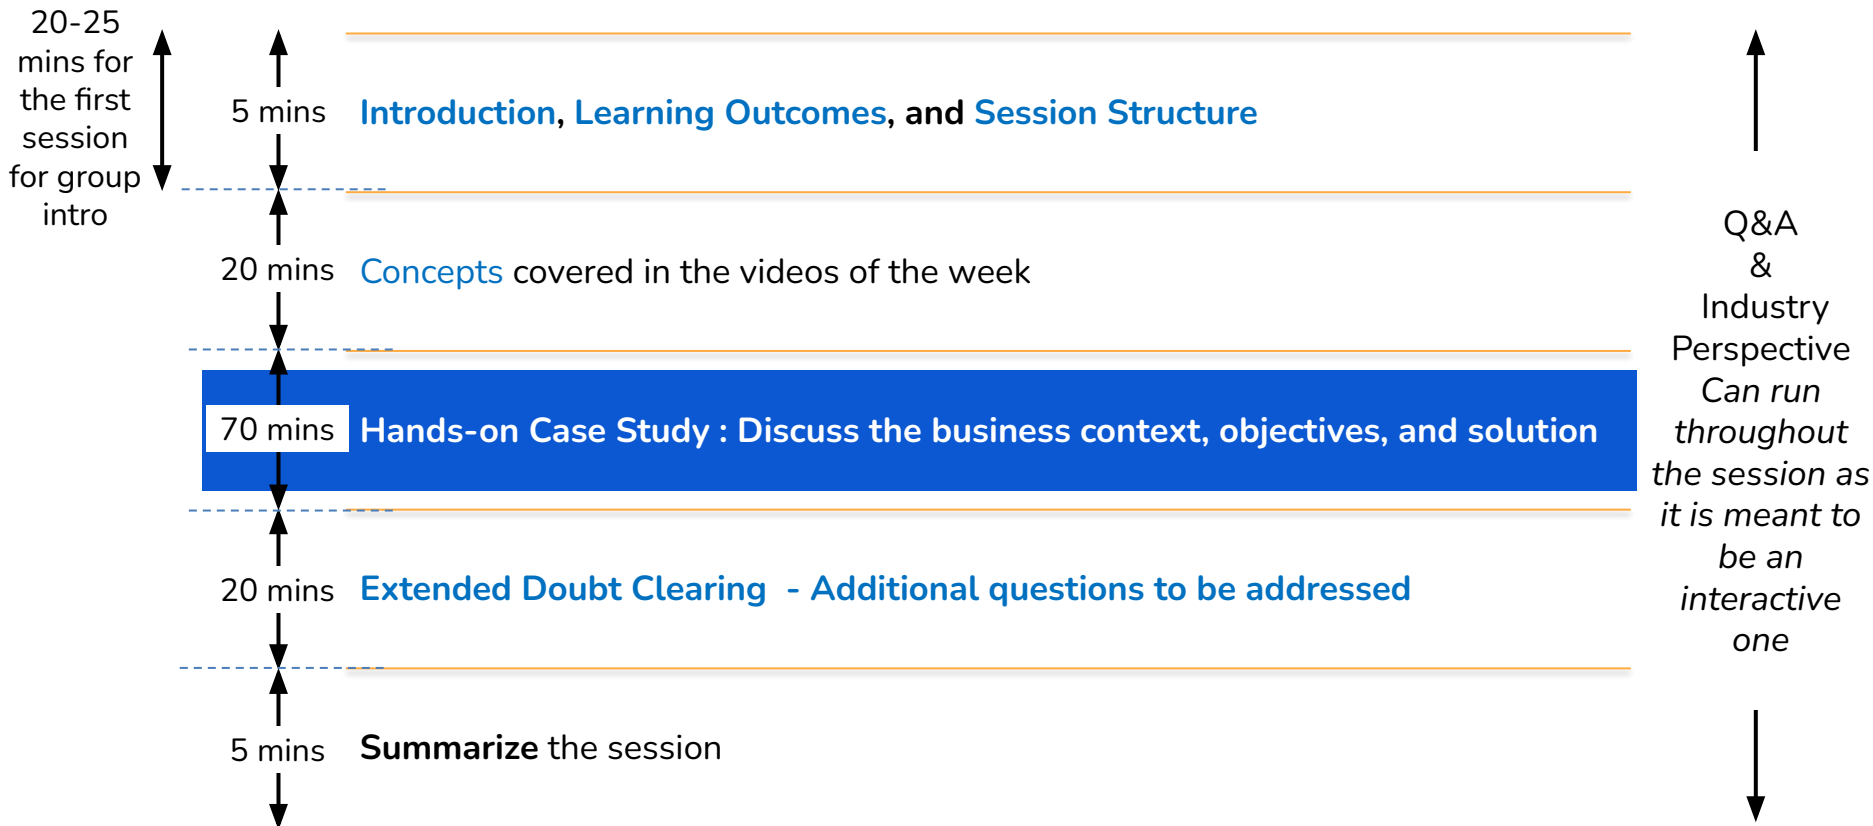

6. GL Profile

One shall always lookout for the total learners impacted and the total hrs you have spent on helping the learners grow. You will be able to see the trends of your performance across the cohorts and modules here. **The average rating for the mentors is currently trending at 4.72+ across the programs.**

This file is meant for personal use by ali@zarreh.ai only.

Mentored Learning Session (MLS) Structure for 1st Session

Weekly Rhythm : Readiness checklist

- **Material** - Program Team will share the materials every Monday for the session on the upcoming weekend. Download and ensure it is working and usable
- **Webcam** - Check once and ensure it is working and should be **“ON” throughout the session**
- **Session Joining Link**
 - You should have the calendar invite in place by Thursday of every week
 - An email should also be there in your inbox - automated one - with the session link
- **Session timings**
 - Be **on time** for the sessions (try to join in 5 minutes before the session)
 - Adhere to the **plan and timeline** of the session

Happy Learning !
